

Product information:

The VC3036 is a flush mount wall volume controllers for 100V PA installations. It is compatible with AUDAC and Niko installation materials. The volume is adjustable with a rotatable dial in ten steps of 3 dB and the maximum power rating is 36 Watt. A built-in relay makes it possible to build priority circuits between several controllers. Available in Black (B) and White (W). The 45 x 45 mm size is compatible with AUDAC, Niko, Legrand and other standard 45 x 45 mm Mounting frames and cover plates.

Applications:

- Corporate
- Residential
